

Company Profile

NEXTGEN ELV SOLUTIONS

Smart Technology. Professional Engineering.

About NextGEN ELV Solutions

NextGEN ELV Solutions is an engineering-driven company specializing in Extra-Low Voltage (ELV), Security, Surveillance, Networking, Communication, and Integrated Technology Solutions.

We are a team of skilled and professional engineers committed to delivering reliable, scalable, and technically sound solutions for residential, commercial, industrial, hospitality, institutional, and infrastructure projects.

Our capabilities cover the complete project lifecycle—from system design and engineering to supply, installation, configuration, testing, commissioning, integration, documentation, training, and technical support.

At NextGEN ELV Solutions, we believe that modern technology should not only be installed but also properly engineered, integrated, tested, and maintained. Our focus is to deliver solutions that provide performance, reliability, security, scalability, and long-term value to our clients.

Our Vision

To become a **trusted global technology and engineering solutions company**, recognized for excellence in ELV, security, networking, automation, and integrated technology systems.

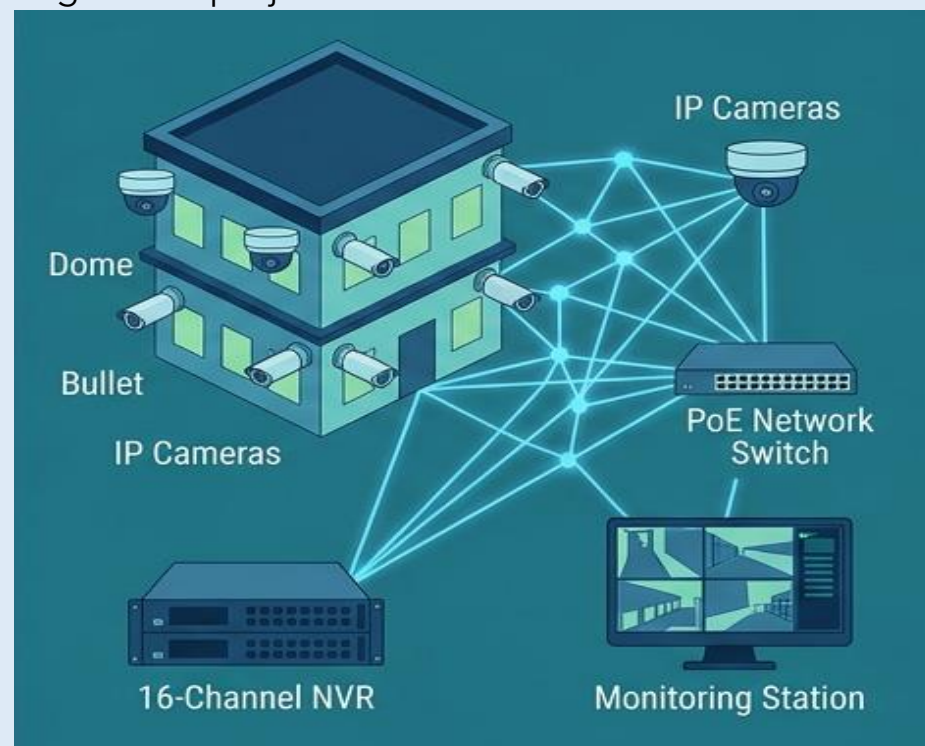

We aim to build a strong engineering organization that delivers international-standard solutions while creating opportunities for skilled professionals and contributing to the growth of smart and secure infrastructure.

Our Services

1. CCTV & Video Surveillance

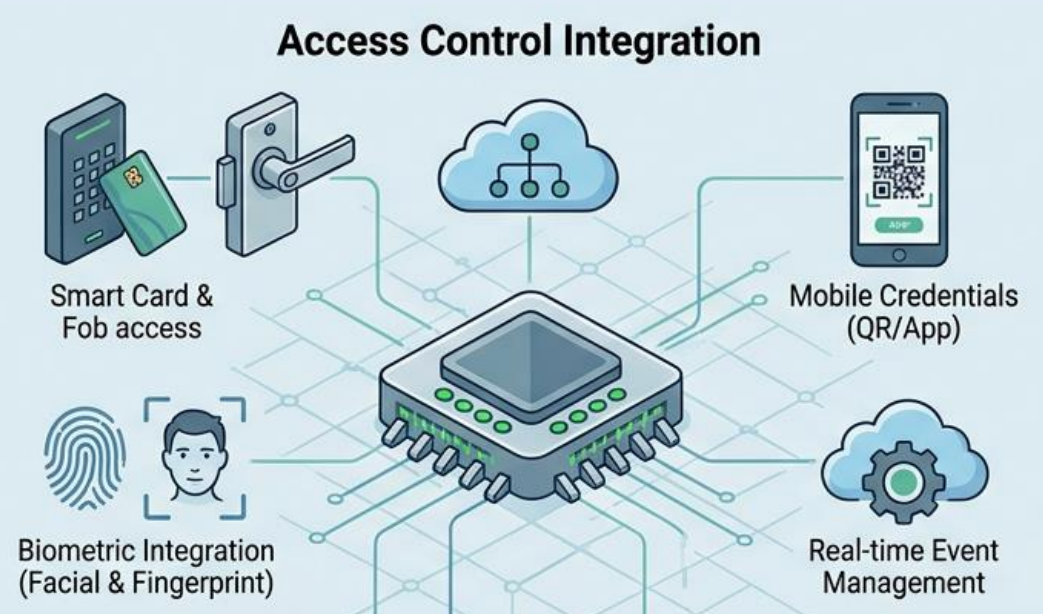

Complete video surveillance solutions for small, medium, and large-scale projects.

- IP CCTV Systems
- Analog & HD Surveillance
- NVR & VMS Solutions
- Video Wall & Monitoring Systems
- Intelligent Video Analytics
- ANPR / LPR Systems
- AI-Based Surveillance
- Camera Configuration & Commissioning
- Storage & Recording Solutions
- Preventive Maintenance & Troubleshooting

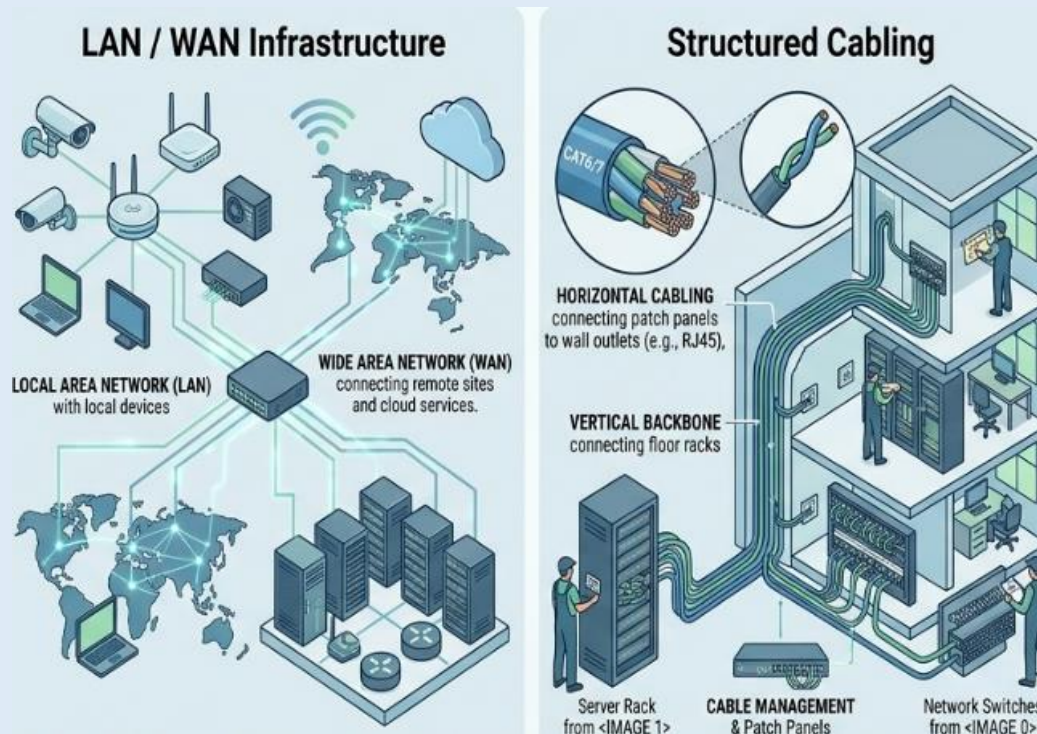

2. Access Control & Time Attendance

- Door Access Control Systems
- Biometric Systems
- RFID & Card-Based Access
- Face Recognition Systems
- Turnstiles & Speed Gates
- Time Attendance Systems
- Visitor Management
- Access Control Integration
- System Configuration & Commissioning

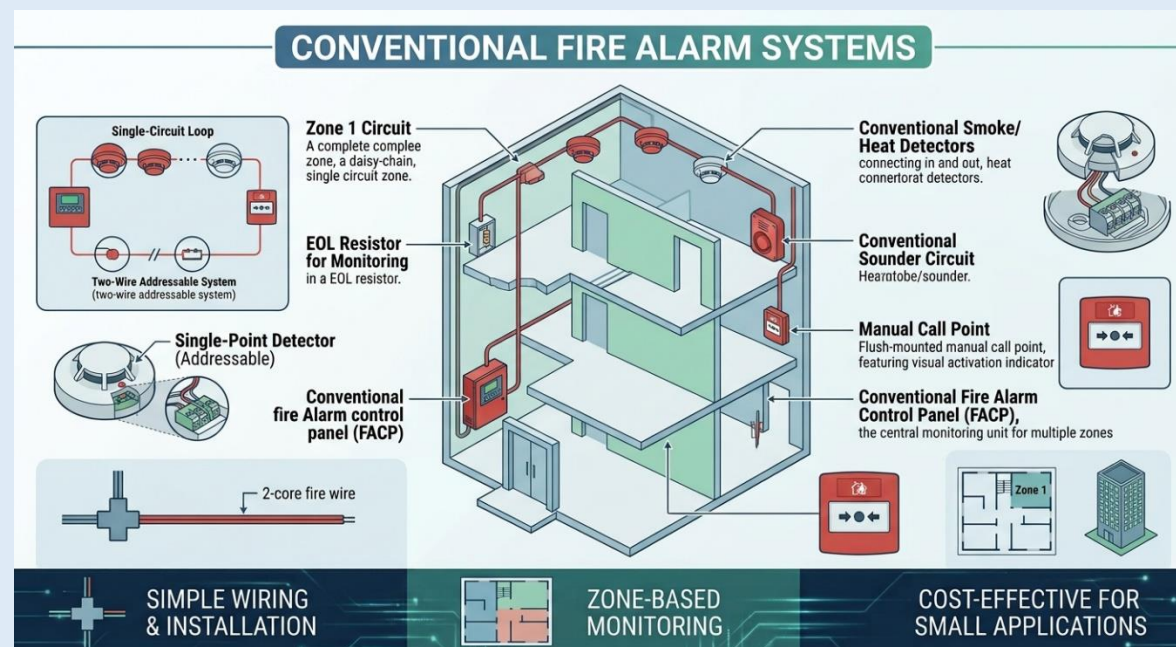

3. Networking & Structured Cabling

- LAN / WAN Infrastructure
- Structured Cabling
- Fiber Optic Networks
- Network Rack & Cabinet Solutions
- Managed & Unmanaged Switching
- PoE Network Infrastructure
- Core & Distribution Network Design
- Network Configuration
- Network Testing & Certification
- Troubleshooting & Maintenance

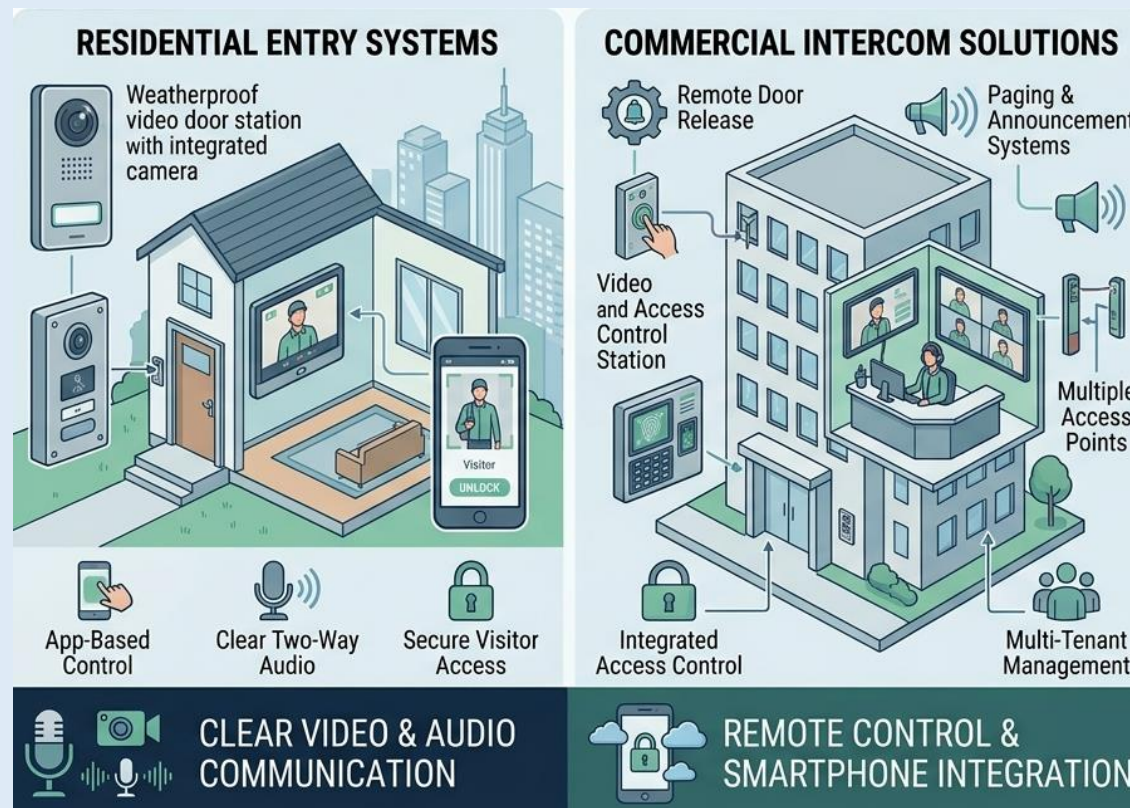

4. Fire Alarm Systems

- Conventional Fire Alarm Systems
- Fire Alarm Control Panels
- Smoke & Heat Detection
- Manual Call Points
- Sounder & Strobe Systems
- Cause & Effect Configuration
- Testing & Commissioning
- Maintenance & Troubleshooting

5. Video Intercom & Communication Systems

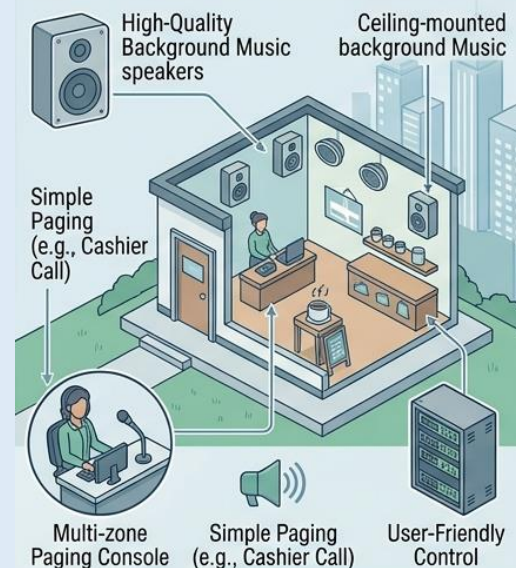

- IP Video Intercom
- Audio Intercom
- Master & Indoor Stations
- Door Stations
- SIP-Based Communication
- System Integration
- Configuration & Commissioning

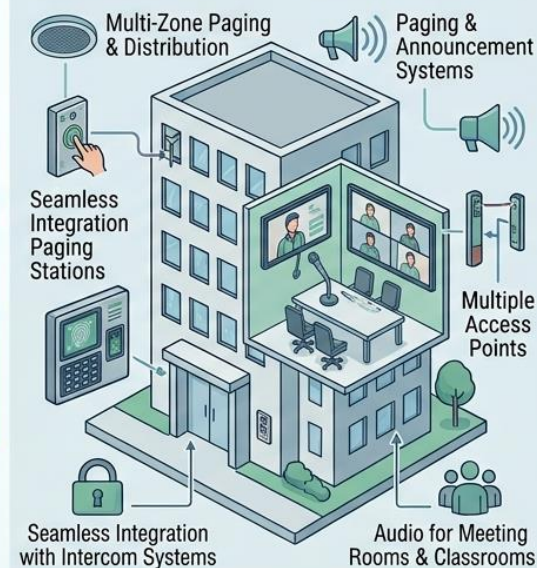

6. Public Address & Audio Systems

- Public Address Systems
- Voice Evacuation Systems
- Background Music Systems
- Paging Solutions
- Amplifier & Speaker Systems
- System Configuration & Commissioning

RETAIL & SMALL BUSINESS SYSTEMS

COMMERCIAL & EDUCATION SOLUTIONS

 **CLEAR VOICE & AUDIO DISTRIBUTION**

 **MULTI-ZONE CONTROL & INTEGRATION**

7. Server, Storage & VMS Solutions

- Surveillance Servers
- Recording Servers
- Failover & Redundancy Solutions
- SAN / NAS Storage
- RAID Configuration
- VMS Deployment
- Server & Storage Troubleshooting
- System Optimization

Industries We Serve

Our solutions can be adapted to the requirements of a wide range of industries and facilities.

- Commercial Buildings
- Residential Buildings
- Hotels & Hospitality
- Shopping Malls & Retail
- Industrial Facilities
- Warehouses & Logistics
- Schools & Educational Institutions
- Hospitals & Healthcare
- Government & Institutional Facilities
- Offices & Corporate Buildings

Why Choose NextGEN ELV Solutions?

Engineering Expertise

Our team is built around engineering knowledge and practical field experience, enabling us to understand both design requirements and real-world implementation challenges.

End-to-End Solutions

From initial consultation and design to installation, commissioning, documentation, and support, we provide a complete project lifecycle solution.

Multi-System Expertise

Our engineers have experience across multiple ELV technologies, allowing us to design and integrate different systems rather than treating each system independently.

Quality & Reliability

We focus on proper installation practices, configuration, testing, documentation, and system reliability.

Our Commitment

At NextGEN ELV Solutions, every project is approached with a commitment to quality, engineering excellence, integrity, and customer satisfaction.

We aim to build long-term partnerships with our clients by delivering technology solutions that are secure, reliable, efficient, scalable, and ready for the future.

Our goal is simple: Engineer better systems. Deliver better performance. Build lasting trust.

ENGINEER CERTIFICATIONS & ACHIEVEMENTS

Our engineers are professionally trained and certified in ELV, CCTV, Video Management, Networking, Access Control, IP PBX, and Enterprise Storage Solutions.

Key Certifications

Axis | Hikvision | Dahua | Wisenet | UNV | CP PLUS | | Digifort VMS | TP-Link Omada | Yeastar VoIP PBX | CCNA Routing & Switching | SAN Storage | Server

Key Achievement

 HIKVISION MASTER INSTALLER 2026 - UAE CHAMPION

1st Position | UAE | Competing Against 40 Companies

Certified • Experienced • Skilled • Committed to Excellence
